MAL LED strip cheat sheet

Please be sure to use the recommended LED strip as listed in the MAL hardware list.
This table is only applicable to the recommended LED strip.

Be aware to use a power supply for the LED strip with at least the wattage shown in the table.

Display size in inch	Vertical LED count	Horizontal LED count	Power supply wattage	LED strip count
40	29	51	> 50 W	2 vertical, 2 horizontal
